• **HGDO Grant Alerts**: As most faculty members are aware, the Hall Center's Humanities Grant Development Office, very effectively administrated by **Kathy Porsch** and **Bill Moseley**, sends out regular notices about grant and fellowship possibilities by email. Until now, these have been reported in the *DNB* one-by-one, and the Department, recognizing how important outside funding has become, continues to feel that these notices need a print follow-up. However, as the number of opportunities has grown, it has become unwieldy and onerously time-consuming to recite them in even modest detail in this publication. Also, some notices are duplications of independent mailings we receive. From now on, grant and fellowship notices from HGDO will be noted simply by name, website, and deadline under this heading of "HGDO Grant Alerts." Copies of the email messages will then be posted on the left-hand bulletin board outside of 3132 Wescoe (previously both bulletin boards there were used for employment opportunity notices). This means that there will be two boards devoted to scholarships, grants, fellowships, etc.— one for notices received from external sources (where it's always been, across from 3114) and this new one

for HGDO. The HGDO Board will also have copies of the other general HGDO publications, such as "Proposal Development Tips," "The Humanities Funding Opportunities Short List," and "The Calendar of Selected Funding Deadlines for Humanists." If the notice is specifically directed to graduate students, it will be posted on the graduate board, which hangs between 3116 Wescoe and the English Lounge. Notices received this summer and in the last two weeks with October deadlines follow:
